

HUDSON CITY CRIME CALENDAR

Sometimes the toughest thing about running a *Dark Champions* campaign is keeping track of what everyone's doing! After all, crime goes on week after week in the big city — just because the PCs are busy trying to stop Card Shark's latest scheme doesn't mean all the other criminals in the city sit around doing nothing.

This Crime Calendar helps you keep track of what's going on with the various major criminals and criminal groups in Hudson City (including the city government and the HCPD, to the extent official corruption plays a part in your campaign). If you're a GM, you can use it to develop subplots and complications to complement the main storyline; if you're a player, it can help you keep track of who did what when so you know where your character should focus his crimefighting activities. There are some blank rows at the end where you can fill in groups and crimelords unique to your own campaign, villains from *Dark Champions: The Animated Series*, or the like.
